PRIKTAI · HR-SOIL GATEWAY · MADE IN THAILAND

Stands in the field, no power cable logs your soil every minute

Collects HR-Soil probe readings, logs on its own, live on your phone even offline

What it does

- ☀ **6 W solar panel + LiFePO4 battery**
  Heat-tolerant and safe · no power cable to the field
- **IP67 waterproof ABS box**
  IP67 connectors · sun, dust and rain proof
- **Mounts on a 1–1.5 inch steel pole**
  Set it in the field, plug in the probe, done
- **32 GB SD card, logs every minute**
  10+ years of data · opens in Excel
- **Live readings on your phone, no app**
  Works without WiFi on site · download your data
- **Uploads to the cloud when online**
  View history from anywhere
- **One RS485 port**
  1 probe direct · more probes via a splitter box, up to 8
